

Hello Members. In today's Newsletter, we want to reveal the code behind the significance of the number **144**, a number that encompasses the spectrum of life & death. We start with the foundation: **TIME =144**.

Time levels the playing field for all, & is the true **Mark of the Beast =144**. Let's begin with a closer look at the Teller of Time: **Clock =44**.

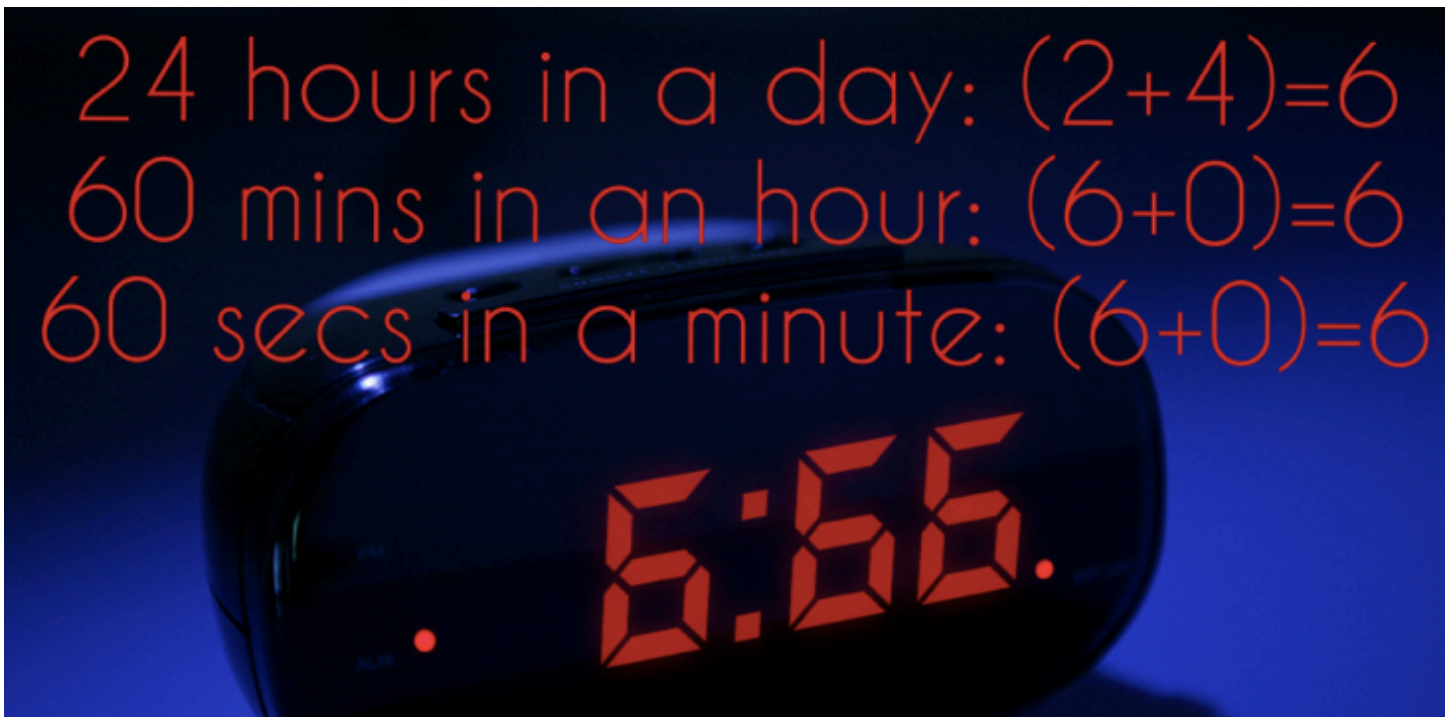

Forty-Four =144. Tick-Tock =144. There are **1440** Minutes in a day. $12 \times 12 = 144$ & that's why we have **12 AM** hours & **12 PM** hours with only **12** numbers on a Clock. **144** is the **12th** Fibonacci number. In the ancient Hindu system, the traditional unit of time is the *kāla*, which corresponds to **144 seconds**. According to the Mayan Calendar, that famously ended on **12/21/12**, one *baktun* is a period of **144,000 days**. In the Book of Revelation, New Jerusalem is described in terms of a cube structure: "And the city lieth foursquare, and the length is as large as the breadth: and he measured the city with reed, twelve thousand furlongs. The length and the breadth and the height of it are equal." That's a perimeter of **144,000 furlongs**.

Fibonacci =44. The Language of Mathematics =144. Six Six Six =144. Two One Six =144.

If we take the number of minutes in a day (1440) & divide that by 666 we get 2.16216216216.

A repeating sequence of 216, which itself is expressed as (6x6x6). That's number magic in action.

Yet it continues: **144 cubits** is equal to *216 feet*. This means that 1 cubit is 18 inches (6+6+6). And as there's 12 months in 1 year, this means that 18 years is equal to *216 months*.

We find a direct connection with $\text{Pi} = 3.14$ here as not only does **Three One Four = 1044** but the sum of the first **144** decimal points of Pi equals 666, the Number of the Beast. And as Pi is the ratio of a circle's circumference to its diameter, number magic continues in the Zodiac.

3.145926 converted into letters gives us an anagram of Zodiac: C=3 A=1 D=4 O=15 I=9 Z=26

We also find this parallel mirroring the Zodiac in the 12 Apostles: **Simon + Andrew + James + John + Philip + Bartholomew + Thomas + Matthew + James + Thaddaeus + Simon + Judas = 1144.**

The number **144,000** appears three times in the Book of Revelation in reference to the number of people from the Tribes of Israel as the servants of God with His mark on their forehead. As Revelation also describes the Mark of the Beast on the forehead – an allusion to third-eye projection of reality – we can surmise that the **144,000** figure is an alphanumeric allegory for the **Mark of the Beast = 144/1404. Number of the Beast = 1044. The Beast of Revelation = 441. The All-Seeing Eye = 144.**

The Number 144 (and 44) carry profound significance that our Newsletter only scratches the surface on. This is truly a special number. Now aware of its importance the likelihood of 144 popping up in your daily life will be noticeable. What 144 is clearly telling us is that the Mark of the Beast, Satan, The Devil, etc is manifested symbolically by Time. And herein lies the root of the occult worship of Saturn, the God of Time.
