Absolutely mind-blowing number synchs. We feel the Date Counts are the strongest evidence for a Dale Jr Victory. Later on in the Newsletter we will come back to conclude the Earnhardt-Daytona Ritual but for now we move on to who will challenge Dale Jr for the Checkered Flag. There are a couple of worthy competitors.

Harvick should be wagered on. We also have an Underdog pick that should get even more attention: **Kurt Busch**.

Just like the Date Counts were amazing for the Earnhardts - they are spectacular for Busch as well. From the race on 2/26 to Busch's Birthday on 8/4 is 159 days or 5 months 9 days. This is the 59th Daytona 500. The 59th prime is 17 and Busch just got married on 1/7. Exactly 7 weeks 1 day before the start of **NASCAR Cup Series** =171. Kurt Busch may very well validate the numbers with his 1st Daytona Victory this week.

We want to wrap things up with Dale Jr & a predictive programming example of why Dale Jr will win Daytona. But before we get there we also want to mention our Long Shot Pick to Win - **Trevor Bayne**. He won Daytona 6 years ago & drives the #6 car. He is a Longshot at 50 to 1 odds. We do not expect him to win, but he is worth a couple of bucks.
