September 13th marked the 20th anniversary of Tupac's death. Gematria Club dedicates this newsletter to exploring the myriad of synchronicities that surround the life and times of legendary rap artist, Tupac Shakur.

Before we expose the truth about Tupac, an understanding of his family background works best. His mother, Afeni, was an original Black Panther member and one of those acquitted of conspiracy to bomb several New York police stations, in what was at the time the longest and most expensive trial in New York state history. The attacks were planned for 1/17/69, which is 2 years 4 months 30 days (243) before Tupac's birthday. The first time he was shot happened at "Quad Recording Studios" =243. The Twenty-Seven Club =243. Though Tupac died at 25, his surname is **Crooks** =27 and the last Incan emperor after whom he was named died at **27**. Afeni Shakur died precisely 1024 weeks 3 days (1243) after Tupac died.

Tupac's birth name: **Lesane Crooks** =74. After prison, he became **Makaveli** =74. His fifth and final album was **Don Killuminati** =74, its prophetic cover art depicting Tupac crucified like **Jesus** =74, the **Messiah** =74 on a **Cross** =74. It was released **7 weeks 4 days** after his death. Of the 11 Tupac albums, **7** were released posthumously and **4** while he was still alive.

- **Machiavellian** =74. **Black Panther Party** =74. **Masonic** =74. **Jewish** =74. **Rapper** =74. **Notorious BIG** =74 was killed **74 days** before his own last birthday, both artists death still considered **Unsolved Murder** =74. **Tupac Shakur Fake Death** =74.

The subtitle of the album is “The 7-Day Theory” and he died on the 7th day following his shooting. It should be noted that Machiavelli promoted the faking of one’s death as a way to trick one’s enemies, and some say he did so at age 25, the age at which Tupac was allegedly murdered. Some say his feud with rival Biggie Smalls played a role – the Gematria certainly reveals a connection.

Biggie Smalls =52. Biggie’s debut album was **Ready To Die =106/52.** **Prophecy =106/52.** **Black Power =106/52.** Tupac’s mother died on **5/2.** **Tupac Amaru II =52.** **All Eyez On Me =52.** **Exodus =25** (tattooed on his back). Tupac died 213 days after 2/13. Amaru =312.
